

PEOPLE IN HISTORY: THE CIVIL WAR

For this project, you will research a person who impacted American history during the time of the American Civil War. You will write a two-page paper about this person and dress up like them. We will work on this every day for our daily Social Studies lessons as I teach you how to conduct research.

This is the first assignment you have for your Civil War project. Complete it, take a picture, and submit it.

1. List 3 people you would like to research from the Civil War era.

2. Why did you choose each person?

3. In my instructional video, I mention the information I want you to find today as you research. Circle each one I am requiring you to find.

Date of birth	How tall?	Place of birth
Date of death	How many siblings he/she had	Role in the war
Place of death	Accomplishments in life	Favorite foods
Hobbies	Importance in the war	Any kids?
Married or not?	Your opinion	Education

4. Write an X over the items you should absolutely NOT include in your research.

Why you don't like this person	Why you like this person
Factual things this person did	Factual things this person said
Your opinion of this person	Facts only

5. Look up your 3 people online. Make a decision. Who will you research? Write his/her name here: _____.
